

Protect your investment with **Diamon-Fusion®**

Homeowners around the globe have discovered Diamon-Fusion to help restore, maintain and protect their glass railings and windscreens, along with many other surfaces.

Let the On-Site Services team at DFI protect your glass railings. Contact us at 1.888.344.4DFI(334) or visit www.dfisolutions.com for a free evaluation and detailed plan of action.

Our patented, Diamon-Fusion low-maintenance coating will:

- ✓ Protect glass railings and windscreens against future water damage.
- ✓ Dramatically reduce your cleaning time, frequency, and expense.
- ✓ Completely eliminate the need for harsh chemical cleaning agents.

Also **great** for...

Shower Doors

Skylights

Glass Tabletops

Solar Panels

Front Doors

“Thank you for your extraordinary effort to improve our home. I was more than impressed with the view. If you did not know there was glass there, you could walk through it. We want you back in a few weeks for the windows and shower doors.” -O'Connor Residence, Mission Viejo, CA

DAMAGED

RESTORED

Why replace when you can *restore*?

Glass can become streaked and stained by rain and sprinklers. Shower doors become etched and hazy from hard water deposits. **But they don't have to.**

When your glass railings or windscreens were new, they were clean, clear and beautiful. Now, after years of wear and tear, they have ugly hard-water stains that won't come off, no matter how much you scrub. You use harsh chemicals that damage the environment, but still those stains are impossible to remove. Until today...DFI has tools and products that can restore your glass to like-new condition!

Restoring glass is more environmentally friendly and cost effective than discarding non-recyclable glass in landfills

Walkie Ray, Newport Beach

Our expert team of restoration professionals can:

- ✓ Return your glass railings to their original clarity.
- ✓ Extend the life of your glass, saving you thousands of dollars on replacement.

Licensed and Insured, with more than 20 years of experience, the On-Site team at DFI prides themselves on professionalism and customer satisfaction.

“The fact of the matter is that Diamon-Fusion® is fabulous. The shower glass looks like it was never used and the glass balcony rails shimmer notwithstanding they are buffeted daily by westerlies carrying heavy moisture from the bay.” -Walkie Ray, Newport Beach, CA
