1 AIA HSW CE HOUR | 1 GBCI CE HOUR

Protect, Enhance, and Maintain Glass with a High-Performance Glass Coating

COURSE DESCRIPTION

A one-hour course where building professionals will evaluate protective glass coatings as a solution for many common problems encountered during the life-cycle of a building.

Objective #1

Describe the environmental benefits of a protective coating.

Objective #2

Identify problems resulting from environmental damage to glazing.

Objective #3

List the impacts for building exteriors treated with a protective coating.

Objective #4

Assess how the use of protective coatings can contribute to LEED points.
