

Limited Lifetime Warranty for Diamon-Fusion® Protective Coating on Residential Windows

Diamon-Fusion treated residential windows are guaranteed to remain more water repellent than untreated glass for the lifetime of the glass as long as manufacturer care recommendations are followed and no harsh or abrasive cleaners are used. Diamon-Fusion chemically bonds to the glass creating a patented, protective coating that when properly applied by an authorized applicator, is guaranteed not to haze, chip, crack, peel, or discolor. No Revitalizer™ is required to maintain the warranty.

In the event of a covered product failure, DFI's liability is limited to the cost of replacing DFI chemical materials for retreatment, and will in no way extend to indirect, incidental or consequential damages incurred in relationship to this product.

THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES OF ANY KIND INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. COMPANY SHALL NOT BE LIABLE FOR INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OF THIS PRODUCT. NOTE, SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MIGHT NOT APPLY TO YOU AS THE ORIGINAL PURCHASER. THIS LIMITED WARRANTY GIVES THE ORIGINAL PURCHASER SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE. COMPANY SHALL BE THE SOLE JUDGE AS TO WHETHER MANUFACTURER MAINTENANCE RECOMMENDATIONS HAVE BEEN FOLLOWED, AND IF IN COMPANY'S JUDGMENT THE PRODUCT FAILURE HAS ARISEN FROM IMPROPER CARE OR FAILURE TO FOLLOW COMPANY'S RECOMMENDATIONS, THEN COMPANY SHALL BE RELEASED FROM ANY OBLIGATION OR LIABILITY UNDER THIS LIMITED WARRANTY.

Diamon-Fusion Treated Residential Window Care Instructions

For best results: Clean the treated windows using one of the approved cleaning products below or with window cleaning soap and water, a washer and a squeegee. Avoid cleaning glass in direct, hot sunlight.

Please note, in extreme situations or where the environment has been manipulated (when glass is exposed to sprinklers, pool cleaners, leaching, drainage issues, submerged areas and other forms of man-made water contact), a simple and regular maintenance routine may need to be followed to keep deposits from developing on the coating over time.

Approved cleaning products - If you wish to use a cleaning product other than window cleaning soap, the following may be used:

- Simple Green®
- Ammonia-Free Windex®
- Sprayway® Ammonia-Free Glass Cleaner
- Seventh Generation™ Natural Glass & Surface Cleaner
- White household vinegar diluted with water
(1:3 – one part vinegar to three parts water)
